### Tax return deadlines and penalties

- If you want to fill in a paper tax return, you must send it to us by 31 October 2017
- If you decide to fill in your tax return online or you miss the paper deadline, you must send it online by 31 January 2018 – but, if you want us to use your tax code to collect any tax you owe through your wages or pension, you must file online by 30 December 2017

If we don't receive your tax return by the deadlines, you'll have to pay a £100 penalty – even if you don't owe any tax.

**i** To find out more about penalties, go to [www.gov.uk/self-assessment-tax-returns/penalties](http://www.gov.uk/self-assessment-tax-returns/penalties)

### Before you start

You may need the following documents to help you fill in the tax return:

- your forms P60, 'End of Year Certificate', P11D, 'Expenses or benefits' or P45, 'Details of employee leaving work' payslips and your P2, 'PAYE Coding Notice'
- if you work for yourself, your profit or loss account or your business records
- your bank statements, building society passbooks, dividend counterfoils or investment brokers' schedules
- personal pension contributions certificates

Don't send any receipts, accounts or other paperwork with your tax return, unless we ask for them. If you do, it will take longer to deal with your tax return and will delay any repayment.

### How to fill in your tax return

If you fill in a paper tax return please:

- read the 'Most people file online' section on the front of the form
- enter your figures carefully – if you make a mistake, strike through the error and put the correct details next to the box, otherwise, we may ask you to pay too much tax

If you ask someone else to fill in your tax return, you're still responsible for the information on it. And you must sign the form.

### What makes up your tax return

We've sent you a tax return that we think matches your personal circumstances. But you need to make sure the form has all the relevant supplementary pages.

Please read the first 2 pages of your tax return (and read notes 1 to 9 on pages 2 and 3) before you fill in the form. If you put an 'X' in any of the 'Yes' boxes on page TR 2, you need to fill in and send us the supplementary pages for that income or gain too. If you don't, we'll treat your tax return as incomplete and send it back to you.

**i** If you need any supplementary pages and notes to help you complete them, you can print them from our website. Go to [www.gov.uk/taxreturnforms](http://www.gov.uk/taxreturnforms)

## 1 Employment

You should fill in the 'Employment' page if you:

- were employed in full-time, part-time or casual employment
- received income as a company director
- held an office, such as chairperson, secretary or treasurer and received income for that work

- were resident in the UK and received an income from any foreign employment

You will need a separate 'Employment' page for each job, directorship or office.

## 2 Self-employment

If you worked for yourself or you were a subcontractor working in the construction industry, fill in the 'Self-employment' pages. If you worked with someone else in partnership, use the 'Partnership' pages.

There are 2 types of 'Self-employment' pages.

If your business is:

- straightforward and your annual turnover was less than £83,000, use the 'Self-employment' short pages

You'll need separate 'Self-employment' pages for each business.

## 3 Partnership

There are 2 types of 'Partnership' pages – short ones and full ones. Each partner must fill in their own 'Partnership' pages, and 1 partner will have to complete the SA800 'Partnership Tax Return'.

of your tax return instead of completing the 'Foreign page' (see page TRG 4)

- dividends (over £300) from foreign companies
- distributions and excess 'reported income' from reporting offshore funds – this is taxable income accumulating in an offshore fund that you haven't yet received
- overseas pensions (not lump sums from pension schemes), social security benefits and royalties
- income from land and property abroad (not furnished holiday lettings)
- discretionary income from non-resident trusts
- income or benefits from a person abroad or a non-resident company or trust (including a UK trust that has either been, or has received, income from, a non-resident trust)

You should also fill in the 'Foreign' pages if you want to claim Foreign Tax Credit Relief or Special Withholding Tax on income you report on other pages.

## 6 Trusts etc

Fill in the 'Trusts etc' pages if you were:

- a beneficiary of a trust (not a 'bare' trust) or settlement
- the settlor of a trust or settlement whose income is deemed to be yours

If you received income from the estate of a person who has died, don't fill in the 'Trusts etc' pages if:

- you were entitled to a fixed sum of money or a specific asset
  - your legacy was paid with interest (put the interest in box 1 or box 2 on page TR 3 of your tax return)
  - that income came from a specific estate asset, for example, rents from an estate property
- Don't include in the 'Trusts etc.' pages, payments from a trust that were funded by a taxed lump sum death benefit - these go in boxes 11 and 12 on page TR 3.

## Starting your tax return

### Your personal details

#### Box 1 Your date of birth

Make sure you tell us your date of birth. If you don't, you may not get all the allowances you are entitled to.

#### Box 2 Your name and address

If the details are different or missing, for example, because you moved or printed the tax return from the internet, write the correct details in or under the 'Issue address' on the front of the form and put the date you changed address in box 2. It's important to keep your address details up to date, with HMRC, to make sure you're paying the right rate of income tax. The Scottish rate of income tax applies from 6 April 2016. You'll pay the Scottish rate of income tax if you live in Scotland for most of the tax year. For more information go to [www.gov.uk/scottish-rate-income-tax](http://www.gov.uk/scottish-rate-income-tax)

#### Box 4 Your National Insurance number

If your National Insurance number isn't at the top of your tax return, it will be on:

- a payslip, P45 or your P60 for the year
- a P2, 'PAYE Coding Notice'
- any letter from us or the Department for Work and Pensions

National Insurance number	Works/payroll number
AB 12 66 34 C	

Example of a National Insurance number

## Income

### Interest and dividends from UK banks, building societies, etc

This includes:

- any interest you receive on bank, building society and other savings accounts
- dividends and other qualifying distributions from UK companies and UK authorised unit trusts or open-ended investment companies
- income from purchased life annuities
- interest you receive in non-cash form

Don't include any interest from Individual Savings Account (ISAs), Ulster Savings Certificates, Save As You Earn schemes or as part of an award by a UK court for damages.

We usually treat income from investments held

in joint names as belonging to the two of you in equal shares. However, if you hold unequal shares, you can elect to receive the income and pay tax on those proportions. Only put your share of any joint income on the tax return.

If a nominee receives investment income on your behalf, or if you're a beneficiary of a bare trust, fill in boxes 1 to 5 – not the 'Trusts etc' pages.

If you make gifts to any of your children who are under 18 that produces more than £100 income (before tax), you need to include the whole amount of the income in your tax return.

If your bank or building society pays you an alternative finance return or profit share return instead of interest, put the amount in box 1 if it is taxed, or box 2 if it is not.

### UK interest etc

Include in box 1 or 2 any interest from:

- bank and building society savings, including internet accounts
- UK authorised unit trusts, open-ended investment companies and investment trusts
- National Savings and Investments accounts and savings bonds
- taxable interest received on compensation payments, for example, payment protection insurance (PPI)
- certificates of tax deposit
- credit unions and friendly societies

Don't include interest from UK government securities (gilts), or interest from bonds, loan notes or securities issued by UK companies. These go in the 'Additional information' pages.

### Box 1 Taxed UK interest etc – the net amount after tax has been taken off

Copy the net interest details from your statements or electronic vouchers from, for example, authorised unit trusts, open-ended investment companies or investment trust companies. If you have more than one account, add up all your net interest and put the total in box 1.

Include any net income (after tax has been taken off) from a purchased life annuity.

Use the details on your payment certificate and only put the income part of the payment in box 1. Don't include the rest of the payment.

If you received cash or shares following the takeover or merger of building societies, you may have to pay tax on the income. If you do, include it in box 1. If you're not sure, put the amount in box 17 and give us details in 'Any other information' on page TR 7.

### Box 2 Untaxed UK interest etc – amounts which have not had tax taken off

If you have an account that pays you gross interest (for example, a bank or building society account), put the gross amount in box 2.

### Box 3 Untaxed foreign interest (up to £2000)

If your only foreign income was untaxed foreign interest (of up to £2,000), put the amount (in UK pounds) in box 3 instead of filling in the 'Foreign' pages.

You must put the name of the country where the interest arose in 'Any other information' on page TR 7.

If it was more than £2,000, you will need to fill in the 'Foreign' pages.

### UK dividends

#### Dividend tax credit

Dividends received on or after 6 April 2016 no longer qualify for a dividend tax credit. From that date, you don't pay tax on the first £5,000 of dividend income you receive (the dividend allowance). You pay tax on dividends above the dividend allowance at the following rates:

- 7.5% on dividend income within the basic rate band
- 32.5% on dividend income within the higher rate band
- 38.1% on dividend income within the additional rate band

Include all of your dividend income, even if it is less than £5,000, as it will count towards your basic or higher rate bands and may affect the rate of tax that you pay on dividends received in excess of the £5,000 allowance.

 For more information, go to [www.gov.uk/tax-on-dividends](http://www.gov.uk/tax-on-dividends)

### Box 4 Dividends from UK companies – the amount received

Your dividend voucher will show your shares in the company, the dividend rate and dividend payable. Put the total dividend payments in box 4.

Include any dividends from employee share schemes. Don't include:

- Property Income Distributions from Real Estate Investment Trusts (REITs) or Property Authorised Investment Funds (PAIFs) – these go in box 17, and the tax taken off in box 19
- stock dividends or non-qualifying dividends – these go in the 'Additional information' pages

### Box 5 Other dividends – the amounts received

This includes dividend distributions from authorised unit trusts, open-ended investment companies, and investment trusts. Put the amount on your dividend voucher in box 5.

Include in box 5 any dividend from accumulation units or shares that are automatically reinvested. Don't include any 'equalisation' amounts.

### Box 6 Foreign dividends (up to £300)

If your only foreign income was taxed dividends up to £300, put the net amount (in UK pounds) in box 6 instead of on the 'Foreign' pages. Put the foreign tax taken off in box 7.

### UK pensions, annuities and other state benefits received

Not all benefits are taxable. Don't include the following in boxes 8 to 13:

- Attendance Allowance, lump sum Bereavement Payment or Personal Independence Payments
- State Pension Credit, Working Tax Credit, Child Tax Credit or Universal Credit
- additions to State Pensions or benefits for dependent children

- pensions and other payments for disability, injury or illness due to military service
- some beneficiaries' pensions where the member died before age 75
- overseas pensions – these go on the 'Foreign' pages

**i** For more about what is and what is not taxable income, go to [www.gov.uk/income-tax](http://www.gov.uk/income-tax)

### Box 8 State Pension

Use the letter 'About the general increase in benefits' that the Pension Service sent you to find your weekly State Pension amount.

Add up the amount you were entitled to receive from 6 April 2016 to 5 April 2017 and put the total in box 8. Don't include any amount you received for Attendance Allowance.

If your State Pension changed during the year or you only received it for part of the year, multiply each amount by the number of weeks that you were entitled to receive it. Add up your amounts carefully.

If you don't have the letter from the Pension Service, phone them on 0345 606 0265 (textphone 0800 731 7339) and ask them for the information.

If you received a lump sum because you deferred your State Pension, put the amount in box 9.

Don't include State Pension Credit, the Christmas bonus, Winter Fuel Payment or any addition for a dependent child.

### Boxes 9 and 10 State Pension lump sum

Only fill in box 9 if you deferred your State Pension for at least 12 months and chose to receive it as a one-off lump sum in the 2016 to 2017 tax year. Put the gross amount (before tax taken off) in box 9 and the tax taken off in box 10. Don't include any lump sum amount in box 8.

### Box 11 Pensions (other than State Pension), retirement annuities and taxable lump sums treated as pensions

Your pension payer will give you a P60, 'End of Year Certificate' or similar statement. Add up your total UK retirement annuities and pensions (not the State Pension), and put the total gross amount (before tax taken off) in box 11.

Please give us the following details in 'Any other information' on page TR 7:

- details of your pension or annuity payer and your reference number

- the payment before tax and the amount of tax taken off
- if you received a taxable lump sum death benefit through a trust, the name, date of birth and

date of death of the member who has died, from your R185 (Pensions lump sums) certificate. Put the gross amount and tax paid figures from your certificate in boxes 11 and 12

### 10% deduction

If you receive a UK pension for former service to an overseas government, only 90% of the basic pension is taxable in the UK. Take 10% off the value of the pension before you put the amount in box 10.

The territories are:

- any country forming part of Her Majesty's dominions
- any Commonwealth country (excluding the UK)
- any territory under Her Majesty's protection

Example of tax return, box 12

If your P60 shows that you received a refund, it will have an 'R' next to it. Put a minus sign in the shaded box in front of the figure.

### Box 13 Taxable Incapacity Benefit and contribution-based Employment and Support Allowance (ESA)

Not all Incapacity Benefit is taxable. It is not taxable in the first 28 weeks of incapacity or if your incapacity began before 13 April 1995 and you have been getting it for the same illness ever since.

All contribution-based Employment and Support Allowance and ESA Time Limited Supplementary Payment (paid Northern Ireland only) is taxable.

Use the P60(IB), P45(IB), P60(U) or P45(U) that the Department for Work and Pensions (DWP) gave you. Put the total taxable amount of your benefit or allowance in box 13 and any tax taken off your payments in box 14.

### Box 15 Jobseeker's Allowance

Use the P60(IB), P45(IB), P60(U) or P45(U) that DWP gave you and put the total amount of Jobseeker's Allowance in box 15.

If you stopped claiming before 5 April 2017, you will find the total amount on your P45(U).

## Box 20 Benefit from pre-owned assets

Pre-owned assets (property) includes land and buildings or chattels, for example, works of art, furniture, antiques, cars or yachts, or any assets held in a settlement.

You may have to pay a tax charge on benefits received if you previously owned or helped to buy assets (pre-owned assets (POA)).

You **may** have to pay tax if:

- during 2016 to 2017 tax year you
  - occupied land without paying a full market rent for it
  - used or enjoyed goods without paying fully for the benefit
  - could benefit from property you have settled if income from the property is treated as yours, and
- at some time since 17 March 1986 you
  - owned the property you are now benefiting from
  - owned and sold property and used the proceeds to buy the property you are now benefiting from
  - gave someone else property, including cash, and they used it to buy the property you are now benefiting from
  - settled assets into the trust that you can benefit on

Please tell us in ‘Any other information’ on page TR 7, how you worked out the benefit or charge that you put in box 20.

Don’t include the benefit if:

- the property could be liable to Inheritance Tax when you die
- the total benefit for the year is £5,000 or less
- you made the cash gift before 6 April 2009

**i** For more information about pre-owned assets and help working out your benefit:

- go to [www.gov.uk/government/collections/hmrc-manuals](http://www.gov.uk/government/collections/hmrc-manuals) and read page IHTM44000 in the Inheritance Tax Manual, or
- phone the Probate and Inheritance Tax Helpline on 0300 123 1072

## Tax reliefs

This section covers tax relief for payments to pension schemes, charities and for Blind Person’s Allowance. If you wish to claim other reliefs, for example, Married Couple’s Allowance where one of the couple was born before 6 April 1935, please use the ‘Additional information’ pages.

## Paying into registered pension schemes and overseas pension schemes

Fill in boxes 1 to 3 for payments to registered pension schemes and box 4 for payments to overseas pension schemes.

You can claim tax relief on your personal contributions to a registered pension scheme if you paid them before you reached age 75 and have:

- been a UK resident in the tax year
- had taxable UK earnings, such as employment income or profits from self-employment
- had UK taxable earnings from overseas Crown employment (or your spouse or civil partner did)
- been a UK resident when you joined the pension scheme, and at any time in the 5 tax years before 2016 to 2017 tax year

Don’t include any amounts for:

- personal term assurance contributions
- your employer’s own contributions
- contributions taken from your pay before it was taxed

**i** For more information, go to [www.gov.uk/pension-types](http://www.gov.uk/pension-types)

## Limits to relief

The maximum personal contributions you can claim tax relief on is either:

- up to the amount of your taxable UK earnings in the tax year, or
- up to £3,600 gross (that is, £2,880 you paid plus £720 tax relief claimed by your pension provider) to a ‘relief at source’ scheme only

The limits also apply to overseas pension schemes.

If your pension savings are more than the Annual Allowance, and a tax charge is due, you must use the ‘Additional information’ pages and pay a tax charge.

**i** For more information on the Annual Allowance, go to [www.gov.uk](http://www.gov.uk) and search for ‘HS345’, or go to [www.gov.uk/tax-on-your-private-pension](http://www.gov.uk/tax-on-your-private-pension)

## Personal contributions that had tax relief in the scheme

### Box 1 Payments to registered pension schemes operating ‘relief at source’

Under the ‘relief at source’ system, your pension provider claims basic rate tax relief (of 20%) on your personal contributions and adds that to your pension pot.

Put the total amount in box 1 – that is, your personal contributions paid to the scheme, plus the basic rate tax relief. Include any one-off contributions you made in the year and provide the details of any one off contributions in ‘Any other

information' on page TR 7.

Use the pension certificate or receipt you get from the administrator to fill in box 1 or work out the figure by dividing the amount you actually paid by 80 and multiplying the result by 100.

### Example

Emma paid £700 into her pension scheme. She puts £875 in box 1 (£700 divided by 80 and multiplied by 100), which is her net payment plus the tax relief of £175 (£875 at 20%).

If you pay tax at 40% or 45% you should still fill in box 1 with the amount you paid in plus the basic rate (20%) tax relief. We will work out the extra tax relief due to you over the basic rate claimed by your pension provider.

## Personal contributions with full relief still to claim

### Box 2 Payments to a retirement annuity contract

If your retirement annuity contract (RAC) provider doesn't use the 'relief at source' scheme they don't claim the basic rate (20%) tax relief on your behalf. Put your total personal contributions to the RAC in the 2016 to 2017 tax year in box 2.

### Box 3 Payments to your employer's scheme which were not deducted from your pay before tax

In some schemes, an employer takes your personal contributions from your pay before they tax what's left. If you (or someone else who isn't your employer) paid into such a scheme and no tax relief was given, you can claim that tax relief now. Put the total unrelieved amount you paid in the 2016 to 2017 tax year in box 3.

This may happen if:

- you paid more contributions than you earned in that job
- your employer couldn't take any contributions from your pay before taxing it, for example if you were paid close to 5 April

## Marriage Allowance

If you want to transfer part of your personal allowance, you must fill in boxes 1 to 5 and put your date of birth in box 1 on page TR1.

If your net income from 6 April 2016 to 5 April 2017 was less than £11,000 (plus up to £6,000 in savings interest), you could benefit from transferring £1,100 of your personal allowance to your spouse or civil partner to reduce the amount of tax they pay. You could benefit as a couple if all of the following apply:

- you were married to, or in a civil partnership with, the same person for all or part of the tax year
- you were both born on or after 6 April 1935
- your partner paid, or is due to pay, tax at the basic rate – generally that means their income was between £11,001 and £43,000

In most cases, if you both had income above your personal allowance you'll not benefit from a transfer.

**i** Use the Marriage Allowance calculator to see if you can benefit, go to [www.gov.uk/marriageallowance](http://www.gov.uk/marriageallowance)

For more about personal allowances and tax rates, go to [www.gov.uk/income-tax-rates](http://www.gov.uk/income-tax-rates)

If you don't live in the UK but are a citizen of a European Economic Area (EEA) country, you can still make a transfer but your worldwide income (in UK pounds) must be less than your personal allowance for you to be eligible.

If you or your partner were born before 6 April 1935, you may be able to claim Married Couple's Allowance instead of Marriage Allowance. You can't have both.

## Finishing your tax return

### Calculating your tax

If we receive your paper tax return by the deadline, we will work out if you have any tax to pay and tell you before 31 January 2018. We'll send you a tax calculation that also tells you if you have to make payments on account for the 2017 to 2018 tax year.

If you want to work out the amount of tax that you owe or may be repaid, use 'A rough guide to your tax bill' on page TRG 12 of these notes.

### Tax refunded or set off

#### Box 1

This may be a repayment of CIS deductions (if you work in the construction industry), PAYE tax or tax paid on pensions or savings income. It may also be an amount we reallocate to an existing debt. If you're amending your tax return, don't include any repayment you received from us after you filed your original return.

### If you haven't paid enough tax

#### Box 2

If you owe less than £3,000 tax for the 2016 to 2017 tax year, we will try to collect it through your wages or pension from 6 April 2018. But, we can only do this if you send us your paper tax return by 31 October 2017 or file online by 30 December 2017, and:

- you've enough wages or pension to collect the tax you owe
- it doesn't double the amount of tax you pay on this income
- it doesn't cause you to pay more than half of this income in tax

We can't collect any class 2 NICs this way as it may affect your claim to certain benefits.

For more information, go to [www.gov.uk/national-insurance/overview](http://www.gov.uk/national-insurance/overview)

Only put an 'X' in box 2 if you don't want us to do this and would prefer to pay any tax through your Self Assessment by 31 January 2018.

#### Box 3

You are likely to owe tax on:

- Child Benefit payments and your income is over £50,000
- savings or investments income
- property income
- casual earnings or commission for the 2017 to 2018 tax year, we'll try to collect it through your wages or pension from 6 April 2017. If the income is more than £10,000 we will not normally do this.

Only put an 'X' in box 3 if you don't want us to do this and would prefer to pay any tax through your Self Assessment by 31 January 2019.

**i** For more information about paying directly to us, go to [www.gov.uk/paytaxbill](http://www.gov.uk/paytaxbill)
